

11 Series

Electronic Strobe with sounder

IPIXA Strobe with sounder is used to generate local audible warning. The 110 - 120 dB output sound level ensures that the surrounding environment is immediately alerted to a potential intrusion. As soon as the siren sounds, the strobe light also turns on, facilitating in the identification of the property and minimizing response time. The Strobe light features advanced optics and an innovative lens design. IPIXA's innovative design provides an outstanding sound & high LED output while using very little power.

AFS2004

Product Specifications

Operating Voltage	: DC 12V
Operating Current	: 300 mA
Operating Temperature	: -10 to 55 Degree Celsius
Relative Humidity	: 95% (Non-condensing)
Flash Rate	: 60 / minute
Flash Lamp Life	: More than 500,000 times
Sounder Output	: 100 -115 DB
Dimensions	: 122 mm x 73 mm x 43 mm
Material	: ABS Housing Acrylic Lens
Strobe Colour Options	: BLUE, RED
