

11 Series Key Switch

The Emergency Key Switch is designed for quick override when the system needs to be disabled immediately. It is an emergency switch button with a special mechanical key lock. It is suitable for both open and closed circuits. When the emergency key switch is turned, it instantly cuts the circuit and disables the output.

EFS1104

Product Specifications

Power Supply	: 12 VDC
Max Current	: 3A
Output Contact	: NO/NC/COM
Operating Temp	: -10°C ~ +55°C (14 - 131°F)
Humidity	: 0 - 95% (non- condensing)
Material	: Stainless steel panel
Dimension	: 86L x 86W x 20H (mm)
Weight	: 0.2 Kg
Mechanical Life	: 500000 tested
Safety Approval	: CE , RoHS
LED Color	: Red

Cycle Tested
500,000
